

KENYASAFE PY PLUS

Codice prodotto: 3400372

Category: PMC

Insecticide aerosol for domestic and civil use for application with Copyr automatic dispenser

Italian Ministry of Health Registration:

n. 16477

Formula:

Aerosol

Composition:

100g of product contains:

Chrysanthemum cinerariaefolium extract: 1,75g

(Equivalent to Extract of Pyrethrum 50%): 3,50g

Geraniol: 0,50g

MGK 264: 8,00g

Description:

KENYASAFE PY PLUS is an insecticide canister based on natural Pyrethrins (Chrysanthemum cinerariaefolium extract), Geraniol and the synergist MGK264, developed in the USA, to be used in combination with a Copyrmatic automatic dispenser, to protect houses, offices, bars, restaurants, hotels, schools, shops, hospitals, homes in general, warehouses, food industries and livestock areas from flying insects. KENYASAFE PY PLUS assures the control of all flying insects, such as flies (*Musca domestica* and *Stomoxys calcitrans*), mosquitoes (including the tiger mosquito) and food insects (*Plodia interpunctella* and *Ephestia kuehniella*), by virtue of the knock-down power of Pyrethrum and Geraniol on all insects, which are thus eliminated from the areas treated

INSTRUCTIONS The canister is mechanically operated by an automatic dispenser. Place the dispenser system at least 1.80 m from the floor, in a position where the jet is directed away from people. Do not apply in the vicinity of air conditioning systems. Keep away from open flames, incandescent bodies or other sources of combustion to avoid flammability risks. Ensure there is sufficient ventilation in the room.

Warnings:

Keep out of reach of children. Read the label before use. Store in a well-ventilated place. Do not contaminate food, drink or containers during use. Do not apply to surfaces where food is prepared, served or consumed. Avoid inhaling the spray directly and spraying it into the eyes. If used in places where people stay for long periods of time or in bedrooms, ventilate the room sufficiently before use.

DISPOSE OF PROPERLY AFTER USE

Unit of sales:

spray can 250 ml
