**Codice prodotto: 2530300**

**Category: Absent**

Small rodenticide bait dispenser

**Description:**

Container for rodenticide baits complying with all safety and hygiene rules, with a shape suitable for positioning in a corner. Suitable for mice. Equipped with a safety lock. Indoors, the bait can be placed in the bait tray or in the spring lock holder.

**Technical information:**

Dimensions: 14.5 x 12 x 4 cm

Weight: 100 g

**Method of use:**

Thanks to its special shape, the container can be placed along internal perimeter walls (at a distance of 5-7 m from each other) or positioned at the corners of walls. Once fixed, only mice will be able to gain access to the bait.

In accordance with current safety and hygiene regulations, rodent extermination must be carried out in such a way that children, pets and unaware persons cannot come into contact with the rodenticide baits.

Can be used with baits in sachets or blocks.
