KENYATRIN SAFE

Codice prodotto: 3400320

Category: PMC

Insecticide aerosol for domestic and civil use for application with Copyrmatic automatic dispenser.

Italian Ministry of Health Registration:

n. 16255

Formula:

Aerosol

Description:

KENYATRIN SAFE, an insecticide based on natural Pyrethrum and Tetramethrin, synergised with Piperonyl Butoxide, has an excellent knockdown activity; moreover, besides enhancing the intrinsic properties of the two active principles,Piperonyl Butoxide increases the lethal power of the product against insects. KENYATRIN SAFE aerosol does not contain mineral solvents. These characteristics make KENYATRIN SAFE aerosol suitable for the control of all flying insects (flies, mosquitoes, etc.) in domestic and civil environments, such as houses, hotels, hospitals, communities in general. The special dispenser valve dispenses a predetermined quantity of insecticide, sufficient to control a space of approximately 180 m3.
METHOD OF USE The canister is mechanically operated by an automatic dispenser. Place the dispenser system at least 1.80 m from the floor, in a position where the jet is directed away from people. Do not apply in the vicinity of air conditioning systems. Ensure there is sufficient ventilation in the room.

User:

Professional
