Category: Absent

Specific thinner for heat-foggers

Description:

Product for professional use specifically for thermal spraying of insecticides and disinfectants formulated in aqueous solution. It is the ideal medium for treatments with heat-foggers (Starfog TF W 35 and TF W 34).

Method of use:

Before diluting the product to be used in DILUFOG, make sure that it is soluble. Dilute the insecticide or disinfectant product in DILUFOG in accordance with the doses indicated on the label; mix until a uniform solution is obtained and proceed with the heat-foggers treatment.

User:

Professional

Warnings:

Do not use the product for purposes other than those indicated. Keep it tightly closed in the original packaging, in a cool, dry place. Keep out of reach of children and animals. Do not store together with food. The product must not come into contact with eyes, hands and respiratory tract. Dispose of the container responsibly.

Unit of sales:

Tank 5 l (carton of 4 pieces)
