

DECAPY® FLOW

Codice prodotto: 1538020

Category: PMC

Insecticide with flushing, killing and residual action

Italian Ministry of Health Registration:

n. 18600

Formula:

Emulsifiable concentrate

Composition:

100g of product contains:

Chrysanthemum cinerariaefolium extract: 1.2500g
(Equivalent to Extract of Pyrethrum 50%): 2.5000g
Deltamethrin: 1.3300g
Piperonyl Butoxide: 5.0000g

Description:

DECAPY FLOW is an odourless, non flammable insecticide in SC (Deltamethrin) and EC (Pyrethrum) formulation to be diluted in water before application. It is effective against all insects in household, residential and industrial premises, food processing industries included. In DECAPY FLOW the strong flushing and killing action of natural Pyrethrum copes with the long lasting effect of Deltamethrin to give the best results over a wide range of crawling and fl ying insects. DECAPY FLOW controls cockroaches, ants, fleas, ticks, bedbugs, flies, horse flies, mosquitoes, wasps, hornets, Lasioderma spp., moths, Tribolium spp., awls, Dermestidae, silverfish, spiders, etc., for indoor and outside applications.

- **Treatments inside** homes, communities, hospitals, barracks, bars, restaurants, hotels, cinemas, theaters, ships, aircraft, warehouses, general industry, including food industry.
- **Treatments outside** perimeter areas of housing and industrial, boulevards and city parks, dumpsters and landfills.

Method of use:

Indoor use
Dilute 2% DECAPY FLOW in water (200 ml in 10 litres of water) for crawling insects and 1% (100 ml in 10 litres of water) for flying insects. Apply the solution with hand-pump sprayers distributing 1 litre of solution every 10m2 of surface in the case of porous materials (walls, pavements, etc.) and 1 litre of solution every 25 m2 of surface in the case of non porous materials (tiles, etc) or delicate (wallpapers, etc).
Outdoor use
External boundary of houses and industrial premises, trees, parks, particularly for adult mosquitoes: dilute 1 litre DECAPY FLOW in 200 litres of water (0,5%) and distribute approximately 1 litre of emulsion over 40.000 m2.

User:

Professional

Unit of sales:

Bottle of 1 lt

Notes:

Medical Device with insecticidal action – use with caution. Always read the label and product information before use.
Attention is drawn to the hazard warnings and symbols on the label.
The text in the specifications corresponds to the label approved by the Ministry of Health.
