

BLACKBOX COMPACT

Codice prodotto: 2530454

Category: Absent

Compact rodenticide bait dispenser

Description:

Compact dispenser made of weatherproof hard plastic, with double safety key, suitable for indoor and outdoor use.
The lid is attached to the base with a hinge mechanism. In combination with the wall bracket, it can be easily detached from its housing for cleaning purposes. Can accommodate up to 5 blocks and 10 sachets.

Technical information:

Dimensions (luxlaxh): 23 x 18.2 x 8.8 cm
Weight: 315 g
Colour: black
Wall mounting bracket available (optional extra)

Method of use:

1. install the dispenser along the wall using the dedicated plastic bracket
2. Open the lid of the dispenser using the special key provided
3. fill with rodenticide bait and close again.

Once the container is secured, only mice and rats can access the bait.
In accordance with current safety and hygiene regulations, rodent extermination must be carried out in such a way that children, pets and unaware persons cannot come into contact with the rodenticide baits. The use of Blackbox Compact simplifies the checking and renewal of rodenticide baits, prolongs the palatability of the baits and protects them, thus significantly improving the effectiveness of the rodent control.
Can be used both with bait in sachets and with bait in blocks.
