Codice prodotto: 2530450

Category: Absent

Specific rodenticide bait dispenser for mice control

Description:

Robust and safe plastic dispenser for rodenticide baits. The lid is attached to the base with a hinge mechanism that allows easy removal. Fitted with safety lock. Suitable for all types of bait and designed for combined use with the CRAWL TRAP.

Technical information:

Dimensions (luxlaxh): 12.5 x 10 x 4.1 cm

Weight: 60 g

Colour: black

Method of use:

1. install the dispenser along the wall using expansion nails or similar.
2. Open the lid of the dispenser using the special key provided
3. fill with rodenticide bait and close again.

Once the container is secured, only mice and rats can access the bait.

In accordance with current safety and hygiene regulations, rodent extermination must be carried out in such a way that children, pets and unaware persons cannot come into contact with the rodenticide baits.

The use of Mouse Box simplifies the checking and renewal of rodenticide baits, prolongs the palatability of the baits and protects them, thus significantly improving the effectiveness of the rodent control. Can be used both with bait in sachets and with bait in blocks.
