

COOPERBACTER® ONE-SHOT ROOM SANITISER 150 ml

Codice prodotto: 1905134

One-shot room and surface sanitising aerosol - Alcohol 98.6%.

Formula:

Aerosol

Description:

COOPERBACTER CLEANS AND SANITISES SPACES AND SURFACES It is a sanitising aerosol which, thanks to its composition with 98.6%* alcohol, cleans and sanitises spaces and surfaces, eliminating unpleasant odours and leaving a pleasant scent of flowers and fruit. With its special one-shot, self-locking valve, it is able to dispense all of the product in a single application, making it possible to sanitise a room without the presence of an operator. It is recommended that the treatment be repeated whenever necessary.

Technical information:

INGREDIENTS
Alcohol, solvents, perfume and propellant.

Method of use:

Close doors and windows of the area to be treated and
place the aerosol can in the centre of the area to be sanitised. Ensure that there are no electrical or electronic devices, ignition sources or open flames in the immediate vicinity. Switch off all
equipment by disconnecting the power supply and ensuring that the equipment is cold.
Take care not to contaminate any foods. Press the dispensing button until the valve engages, and leave the room during dispensing. The canister empties in approximately 3-6 minutes. Leave the product to act for at least 10 minutes. Then ventilate the room adequately and remove dirt from surfaces with a cloth before using. Do not use in small spaces such as wardrobes, cupboards and similar and in any case not in spaces smaller than 40 m3.
It is recommended that the treatment be repeated whenever necessary.

User:

Domestic, Professional
